Dear CCI team,

I am writing this letter to express my feelings on the eve of my superannuation.

As everyone who joins public sector has to superannuate one day. This is in line with the life cycle of a human being, giving way to new person, new thoughts, new vision etc.

When I joined CCI five years ago from a Maharatna Company, I was anxious but today, I do not have any regrets of joining this Company.

Since I have worked in SAIL and CCI, I can definitely say that CCI is also a great place to work.

I feel that good amount of facilities are created by my predecessors in last twenty years and to top it all, I, as Director (HR) and then CMD, could add few more systems and practices, surely it would not be possible but for the support of all of you. However, there are always opportunities for betterment, which I hope you all can do it.

In the financial year 2020-21, we have achieved last five years' best in major parameters. I hope to hear next year that CCI has done even better.

I would like to be in touch with you, and I promise that wherever I go, I would be brand ambassador of CCI to give positive feedback to all about CCI.
